National Planning Center of Expertise for Deep Draft Navigation

PURPOSE

Planning Center of Expertise will primarily focus on plan formulation and the complex technical evaluation associated with the plan formulation.

National Planning Center of Expertise for Deep Draft Navigation

- Provide Consulting services
- Accomplish key analytical components of studies
- Provide Independent Review

National Planning Center of Expertise for Deep Draft Navigation

- Assist in establishing research and development priorities in the mission area,

- Serve as the proponent for training opportunities.

- Manage a program of sharing lessons

National Planning Center of Expertise for Deep Draft Navigation

- The center would supplement the HQUSACE staff in policy compliance review

- The center would enhance basic planning expertise throughout the Corps by providing shadowing opportunities of individuals with specialized planning expertise.

National Planning Center of Expertise for Deep Draft Navigation

- Provide advice to HQUSACE, the laboratories and other stakeholders on significant regional and nation-wide planning issues.
